How to Make a Bus?

Material

- Empty juice carton
- Felt paper
- Black pen ? Four bottle caps
- Glue

Step 1 : Paint the four bottle caps to make the wheels for your bus.

Step 2 : Cut the felt paper to cover the entire outer part of the juice carton. Stick the paper with glue.

Step 3 : Attach the four 'wheels' on both sides of the carton, using glue.

Step 4 : Now, using the pen, draw the details of a bus windows, door, windshield etc. give your bus the design you want.

Step 5 : To make a bumper, take a strip of thermacol and measure its length according to the width of the front portion of the bus. Colour it and stick it in front.

You are now the proud owner of a bus!
