Heart .....	24
Flower.....	25
Unicellular Organism .....	26

## Grid & Veiw Finder

Fruits Composition.....	27
A Beautiful Lady .....	32

# Let's Do Some Fun with Pen

Different kinds of houses are drawn with the help of a pen. Repeat the same procedure with the different kinds of coloured pens on a sheet.

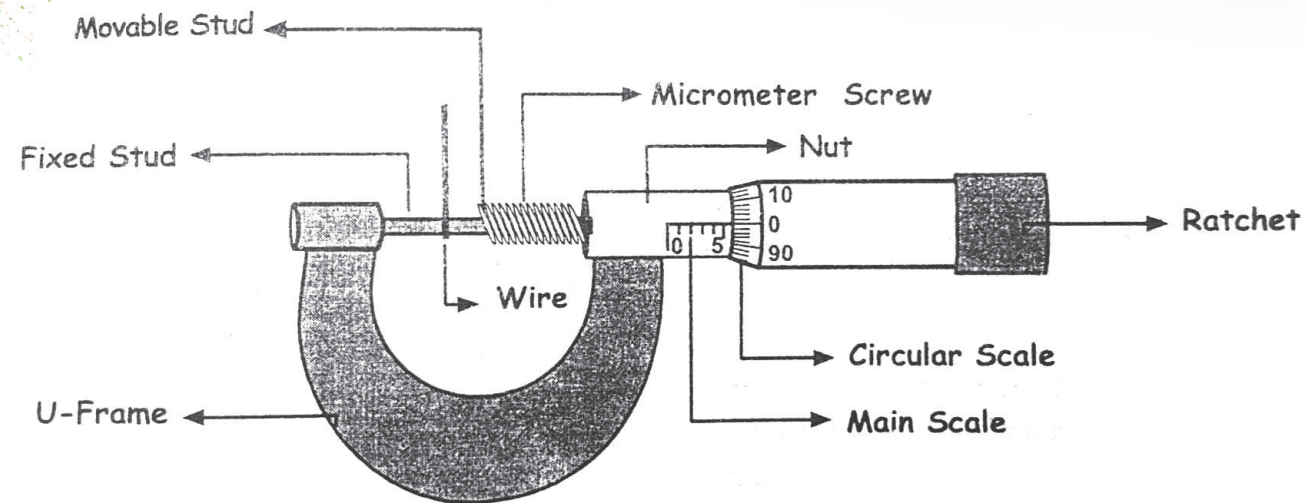

03

Teacher Remarks: Fair  Good  Excellent

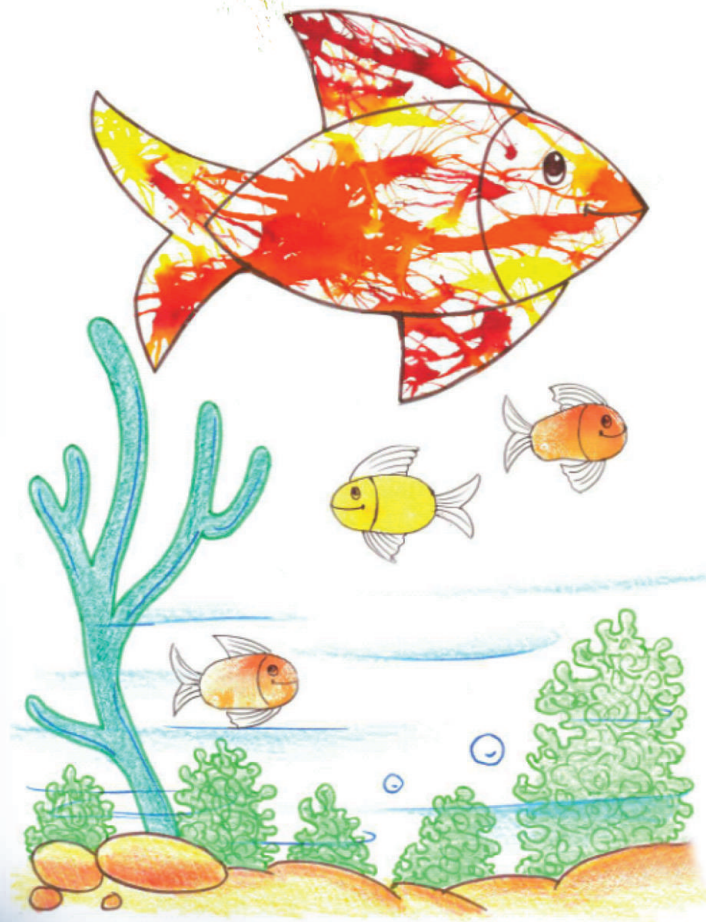

# Screw Gauge (Lab)

Draw and shaded using 2B and 4B pencil. Observe the shading, light and dark effects which are given in the Screw Gauge picture. Look at the picture and complete this picture beautifully.

# Aquarium (Blow Air Technique)

Here the picture of a fish aquarium is created by using blow air technique, in this technique, put some different colours on the object and blow them by a straw. Rest of the details would be given by sketch pen.

18

Teacher Remarks: Fair  Good  Excellent

# Still Life (Water Colour)

Different kinds of houses are drawn with the help of a pen. Repeat the same procedure with the different kinds of coloured pens on a sheet.

21 Teacher Remarks: Fair  Good  Excellent

# A Beautiful Lady (Grid)

Observe the colour techniques in picture of beautiful lady as given in the grid. Draw it by using pencil and finish it with different water colours of light and dark shades as given below. You can also try it on another sheet.
